Dear Andrew,

I write this letter in recommendation of Andrew Burton with Creekside Homes as a general contractor. My husband and I had the pleasure of Andrew building our dream home in 2008. I can recommend him highly and without reservation.

Throughout the course of the building process, Andrew was consummate professional. He was accurate in his initial assessment of the scale and cost of our project. He was absolutely clear in his record keeping and chose and managed the sub-contractors well.

Our new home was done with care and precision. He is a gifted woodcrafter with our fireplace, front porch and our kitchen island.

In addition, he would clean and tidy the workplace. He and his assistant never left the worksite in disarray. They vacuumed all the drywall dust and took special care to have the heater vent ducts serviced and cleaned after the home was completed.

Therefore, Doug and I want to thank you and write this letter of recommendation that we hope you'll feel free to use with other interested clients. We love this house, we love the design and layout, we love the workmanship and most importantly, we appreciate the solid integrity of the building, which - without fault - stands up to time, wear, and very active living.

Kind regards,

Doug and Kim Dunckel
